

ANGLE VALVES

WITH CERAMIC HEAD AND ROSETTE

- finish: black matt
- no contact of flowing water with paint finish

available from 2021

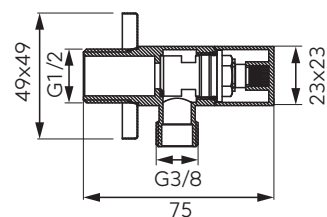

FERRO®

Z293-BL

Angle valve

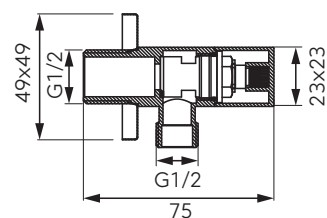

- ceramic head
- valve finish: black matt
- no contact of flowing water with paint finish
- nominal pressure: 1,0 MPa (10 bar)
- max. working temperature: 100°C
- connection dimension: 1/2x3/8

Z294-BL

Angle valve

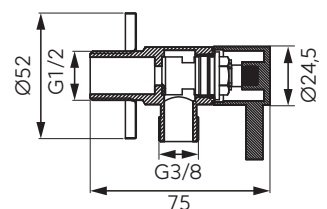

- ceramic head
- valve finish: black matt
- no contact of flowing water with paint finish
- nominal pressure: 1,0 MPa (10 bar)
- max. working temperature: 100°C
- connection dimension: 1/2x1/2

Z295-BL

Angle valve

- ceramic head
- valve finish: black matt
- no contact of flowing water with paint finish
- nominal pressure: 1,0 MPa (10 bar)
- max. working temperature: 100°C
- connection dimension: 1/2x3/8

Z296-BL

Angle valve

- ceramic head
- valve finish: black matt
- no contact of flowing water with paint finish
- nominal pressure: 1,0 MPa (10 bar)
- max. working temperature: 100°C
- connection dimension: 1/2x1/2
